

Our Holiday Wish List

Can you help make our wishes come true?

Imagine being far from home during the holidays and facing the critical illness of your child. That's the reality facing the 32 families who call our House their home each night this holiday season and we ask you to help us make the holidays a little bit brighter for them by donating items on our holiday wish list. We can't cure illnesses but we can make sure families are together to deliver daily doses of hugs, kisses and reassuring smiles.
